- *'Happy as it is.'*
- *'Keep doing what you're all doing :-) Thank you so much.'*
- *'He really enjoyed being back, and I can tell he benefitted greatly from it. Thank you for preparing so well.'*
- *'We're happy with the recent school guidelines and it's fantastic.'*
- *'Just to say re Q5 if the work involved is reasonable from a school planning perspective given how much work this could involve. Thank you teachers and all staff for doing a sterling job in this climate :)'*
- *'If you were able to offer more days that would be amazing, but totally understand that it creates a lot of extra work for you.'*
- *'If there is opportunity to do an additional day that would be great. They loved being back in school and one said on Monday evening "I wish it was school again tomorrow". This is testament to how welcome and comfortable school made the children feel because they were anxious about returning but so happy when we picked them up.'*

- *'To have more time in school as she really misses it!'*
- *'Would be good to know what they did during the day, as it's sometimes hard to squeeze out of them exactly what they did during the day.'*
- *'I would love to see some photos of their day in school through seesaw etc.'*
- *'More outdoor toys to play with?'*
- *'Children need social more than digital communication'*
- *'As a large family having drop offs at the same time felt too close. Maybe larger families could enter by themselves'*
