## Ailis' Magic Garden!

Ailis in year 5 has been very busy this week transforming her garden. She wants to share what she has been doing to keep busy during lockdown.

During lockdown we

have found ways to keep busy. Me and my family have been exercising by going on walks, bike rides and runs with our dog Layla. We are very happy where we live because there is lots of beautiful, natural scenery to go and explore. We have also been in the garden, having BBQs on nice days, playing in the pool and building a fairy garden around our magical, enchanted tree. We bought new, little wooden fences to build our fairy garden, new fairy lights, a little solar sun and a solar fairy house and some other little fairy ornaments for the garden. At night it all lights up beautifully.

## TEDDY MASK

**McAngelo (Y3) and his Teddy have matching masks.**

This is my first time wearing a face mask because it was for my protection. I went out, it wasn't really busy but I saw people queuing outside shops waiting for their turn to go inside, they were social distancing.

Everyone was trying to stay 2m apart from each other because we might spread germs around other people. When we bought all our food, the tills looked a bit different. They had glass windows outside to put their cards in. We also had to put our trolley in the size of the square, it was the same with where you had to stand.

When we got out, I was trying to be careful to not go past the no entry sign. I was trying to push the trolley as good as I could. When you leave the shop it is a little bit different, on the left side people walk into the shop, on the right side there was a car pathway. After, when the car had gone, we walked all the way back home. I really enjoyed my experience outside.

# The Great St. Joseph's Bake Off!

**Lots of children and their families have been baking lots at home and we love to hear about it. Here is Olivia's story.**

Me and my brother Alfie (Y3) made chicken fillets using the recipe from Eirias' Cooking Teacher - Miss Owens. We had them for tea and they were so yummy! The great thing about them is that the chicken fillets were

also so healthy. I was sad when we couldn't go to Eirias school to make the chicken fillets, but I was so happy I could make them at home with the same recipe (Miss Owen's made a video and sent it to our Google Classroom). I would love to make them again one day.

have planned,

Lead the way God,
